PROFESSIONAL SUMMARY

Motivated and results-driven .NET Software Engineer with **3.6+ years** of hands-on experience developing and maintaining ERP systems using .NET Core, Angular and MS SQL Server. Experienced in clean architecture (CQRS, Repository, Unit of Work), JWT-secured REST APIs, query optimisation and responsive UI development. Recognised for delivering scalable, high-quality solutions, quickly adapting to emerging technologies and collaborating effectively within agile teams.

TECHNICAL SKILLS

Backend	C#, ASP.NET Core, ASP.NET Core MVC, Web API / REST, JWT Authentication, Entity Framework Core, Dapper, LINQ, CQRS, Repository & Unit of Work
Frontend	Angular 2+, TypeScript, JavaScript, PrimeNG, Material UI, Bootstrap 5, Tailwind CSS, HTML5, CSS3
Database	MS SQL Server — stored procedures, triggers, views, functions, query optimisation
Tools	Git, GitHub, Serilog, Redis, RDLC & Crystal Reports, Visual Studio, VS Code
Other	Data Structures & Algorithms, Node.js (basic), C/C++, OOP & OOD

PROFESSIONAL EXPERIENCE

Total experience: 3.6 years

Software Engineer

Pioneer Group BD, Extension Pallabi, Dhaka | 15 Jun 2025 – Present (1.4 yrs)

- Develop and maintain ERP software using **.NET 10**, Angular and MS SQL Server.
- Design and implement RESTful APIs with secure JWT authentication.
- Manage database operations including stored procedures, triggers and views.
- Build responsive, user-friendly UI using Angular, PrimeNG, Tailwind CSS and Bootstrap.
- Apply CQRS, Repository and Unit of Work patterns for scalable architecture.
- Ensure code quality, version control with Git and structured logging with Serilog.
- Implement caching with Redis and generate business reports using RDLC.

Tech: .NET 10, Angular, Web API, SQL Server, Redis, Serilog, RDLC

Junior Software Engineer

Software Arena Limited, Banglamotor, Dhaka | 01 Sep 2023 – 14 Jun 2025 (1.8 yrs)

- Developed and maintained ERP software ensuring high-quality, scalable solutions.
- Designed and implemented software in collaboration with the team.
- Created RESTful APIs using ASP.NET Core Web API.
- Handled SQL Server operations including stored procedures, views, triggers and functions.
- Built responsive UI using Angular, JavaScript, TypeScript and Bootstrap.
- Maintained version control using Git and ensured a clean codebase.
- Generated business reports using Crystal Reports.

Tech: ASP.NET Core, Angular, TypeScript, SQL Server, Crystal Reports, Git

Software Engineer (Internship)

US Software Limited, Green Road, Panthapath, Dhaka | 01 May 2023 – 31 Aug 2023 (0.3 yrs)

- Assisted in designing, developing and maintaining web applications with ASP.NET, C# and Angular.
- Collaborated with senior developers to understand requirements and specifications.
- Wrote clean, efficient, well-documented code following coding standards and best practices.
- Tested and debugged web applications, identifying and resolving defects.
- Completed assigned tasks within deadlines, managing time and priorities effectively.

Tech: C#, ASP.NET, Angular, SQL Server

PROJECTS

Human Resource Management System — .NET Core & Angular
HRM system streamlining employee management, leave applications and shift scheduling, with multi-level approvals and email notifications. Built with OOP/OOD, CQRS, Dapper, stored procedures, views and functions for high performance and scalability.
github.com/nizamuddintuhin/Human_Management_System

Sales Invoice Management System — ASP.NET MVC & AJAX
Single-page CRUD web application featuring master–detail data representation in real time without full-page reloads, delivering a smooth and responsive user experience.
github.com/nizamuddintuhin/MVC-Ajax-Single-Page-CURD-with-MasterDetails

Real-time Chat Application — Node.js, Express & Socket.io
Real-time chat application allowing users to communicate instantly through the browser, with live socket events and a development setup that reloads without restarting the server.
github.com/nizamuddintuhin/Node.js-Chat-App

EDUCATION

Bachelor of Science (BSc) in Computer Science & Engineering
Sonargaon University | 2022 – 2027 (appeared)

Diploma in Engineering, Computer Technology
Bhola Polytechnic Institute | 2017 – 2021 · Result 3.77 / 4.00

Secondary School Certificate (Science)
Bhola Govt. High School | 2017 · Result 4.45 / 5.00

TRAINING & CERTIFICATION

Web Application Development Using ASP.NET (WADA) — IsDB-BISEW IT Scholarship Program
22 Nov 2022 – 28 May 2023 · 6 months

Industrial Training: Web Design & Development — Open IT
2022 · 3 months

ADDITIONAL INFORMATION

Preferred job category: Engineer/Architect, IT/Telecommunication, Research/Consultancy · **Preferred location:** Dhaka, Gazipur (open to remote)
Languages: Bangla (reading/writing/speaking — high), English (reading/writing — high, speaking — medium)
Extra-curricular: MS Office, Photoshop, Illustrator, network troubleshooting, computer hardware & software setup and service
Personal: Father — Md. Mohe Uddin; Mother — Fardaus Begum; DOB 01 Jan 2001; Male; Single; Bangladeshi; Blood group B+
